

## PROPOSED DEVELOPMENT OF SG. RASAU WATER SUPPLY SCHEME (STAGE 1), SELANGOR DARUL EHSAN - PACKAGE 1: DESIGN AND BUILD OF PROPOSED RASAU INTAKE, RAW WATER PUMPING MAINS, WATER TREATMENT PLANT AND ASSOCIATED WORKS

### - LETTER OF ACCEPTANCE

---

#### INTRODUCTION

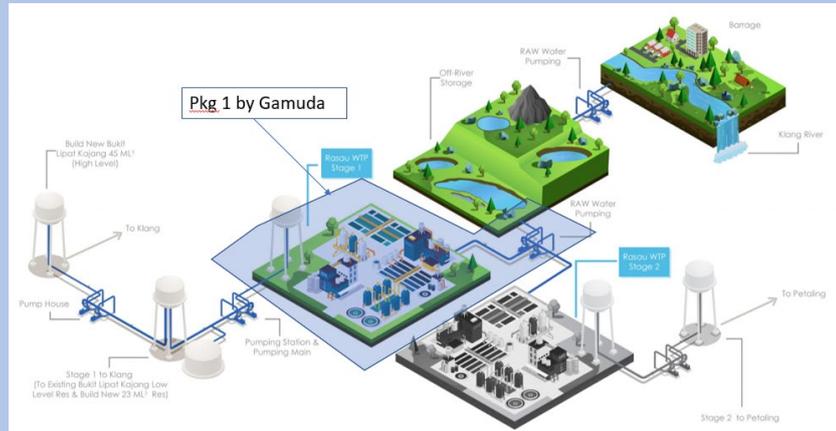

Gamuda Berhad [Co. Regn. No. 197601003632 (29579-T)] (“Company” or “Gamuda”) wishes to announce that the Company has received a Letter of Acceptance (“LoA”) dated 1 July 2022 for the award of the project known as Proposed Development of Sg. Rasau Water Supply Scheme (Stage 1), Selangor Darul Ehsan - Package 1: Design and Build of Proposed Rasau Intake, Raw Water Pumping Mains, Water Treatment Plant and Associated Works from Pengurusan Air Selangor Sdn Bhd [Co. Regn. No. 201401006213 (1082296-U)] (“Project”).

#### INFORMATION OF PROJECT

Type of Contract	Design and Build
Role of Company	Main Contractor
Contract Sum	RM1.968 billion
Description of Project	<p>Through the Rasau Water Supply Scheme, a total of 5 to 10 existing tin mining ponds have been identified as a potential water source in the form of ‘Off-River Storage Facility’ (ORS). These ponds of various sizes, where the biggest pond in the area is about 164 hectares, are located in the district of Sepang and Petaling.</p> <p>With the significant improvement in Sungai Klang water quality, this river is now a viable potential water source. There is a potential for these ponds to store raw water source received mainly from Sungai Klang and to a lesser extent, from Sungai Air Hitam and Sungai Rasau.</p>
Scope of works	<ul style="list-style-type: none"><li>• An Intake Structure of a 1400 million-litre-a-day (MLD) capacity to draw augmented raw water from the ex-mining ponds at Taman Putra Permai, Puchong.</li><li>• A 700 MLD of water treatment plant near Tanjung Dua Belas including civil, structural and building, process plant mechanical works, electrical, instrumentation, SCADA, building services and associated external works.</li></ul>

Scope of works (cont'd)

- 2.4m diameter twin-pipe connecting the Intake structure and the water treatment plant.
- Two overhead bridges crossing Elite Highway and SKVE Highway.

Commencement Date

15 July 2022

Completion Date

30 June 2025

**RISK FACTORS**

The main risks for the Project will be the currency risk which may affect the cost of imported materials and equipment, fluctuation in prices of construction materials and the current tight labour market situation.

**ENVIRONMENTAL, SOCIAL & GOVERNANCE (“ESG”) INITIATIVES**

The Project will help solve the issue of low water supply reserve margin shortage faced by the residents in Klang (and Selangor State in general) once completed.

**FINANCIAL IMPACT**

The Project is expected to contribute positively to the revenue and earnings of Gamuda Group for the financial year ending 31 July 2023.

**DIRECTORS’ AND MAJOR SHAREHOLDERS’ INTERESTS**

None of the Directors and/or major shareholders of the Company and/or persons connected with them, has any interest, direct or indirect, in the Project.

Gamuda will make the necessary announcement to Bursa Malaysia as and when there is a material development in relation to the Project.

This announcement is dated 1 July 2022.
